**MARYLAND AMBULATORY SURGERY
PROVIDER DIRECTORY
2002**

The Maryland Health Care Commission presents the fifth edition of the Maryland Ambulatory Surgery Provider Directory. The 2002 edition of this Directory contains data for the 2001 calendar year. This consolidated source of information of each individual freestanding and hospital-based ambulatory surgical facility in Maryland is used by the Commission, health care providers, policy makers, health insurers, the public and many other organizations.

For the first time, the Directory includes a *Guide to State Regulations Affecting Freestanding Ambulatory Surgery Providers in Maryland*. The guide, found as an insert in the Directory, provides a brief summary of regulations and requirements for establishing and operating a freestanding ambulatory surgery facility in Maryland. Contact names and phone numbers are provided for your convenience. This guide will serve as a continuing resource for ambulatory surgery providers. The Directory also includes a list of providers by jurisdiction, information on specialties, and a list of freestanding facilities with hospital or health system affiliations. Also included is a list of facilities that closed during the 2001 survey year and the number of projected facility openings by jurisdiction for 2002.

The Commission has taken every measure to provide the most current and accurate information. However, because of the variable nature of the provider field, some names, addresses and specialties may have changed before publication. Any updates, feedback or requests for copies of the Directory may be forwarded to:

Ms. Christine Parent, Project Coordinator
Ambulatory Surgery Provider Directory
Maryland Health Care Commission
Health Resources Division
4160 Patterson Avenue
Baltimore, Maryland 21215-2299
(410) 764-3834
cparent@mhcc.state.md.us

The Commission thanks the ambulatory surgery providers for their contribution to this publication. Their participation in providing information is critical to the value of this Directory.

NOTES

- The number of operating rooms published reflects data reported to the Commission in the 2001 Maryland Freestanding Ambulatory Survey Facility Survey. The number of hospital operating rooms comes from a separate survey, the 2001 Ambulatory Surgery Provider Directory Form.
- The information and data in this Directory are reported as calendar years.
- Where N/A is reported, the data is either “not applicable” or “not available.”
- Reported hospital cases reflects outpatient, or ambulatory surgery cases and does not include inpatient cases.

TABLE OF CONTENTS

I.	AMBULATORY SURGERY PROVIDER PROFILES.....	1
II.	AMBULATORY SURGERY PROVIDERS BY JURISDICTION.....	155
III.	SINGLE SPECIALTY FREESTANDING AMBULATORY SURGERY PROVIDERS BY SPECIALTY.....	183
